Nature of Dividends: Credit unions are unique financial institutions. You are an owner of this credit union. The money you deposit with us represents an equity interest. Legally, it is more like buying a stock than making a deposit. That's why credit unions call the returns you earn on your accounts dividends instead of interest. For all accounts, the dividend period is monthly. For example, the beginning date of the first dividend period of the calendar year is January 1st and the ending date of such dividend period is January 31st. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for this example is February 1st. The Board of Directors declares dividends based on current income and available earnings of the credit union after providing for the required reserves at the end of the month. The dividend rate and APY shown reflect the earnings the credit union anticipates having available for distribution. If you have a term share account, such as a share certificate, you will receive dividends according to the contract.

Bylaw Requirements: If you fail to complete payment of one share within six months of your admission to membership, or within 6 months from the increase in the par value in shares, or you reduce your share balance below the par value of one share and do not increase the balance to at least the par value of one share within six months of the reduction, you may be terminated from membership at the end of a dividend period. You may transfer shares to another member only by written instrument in such form as we may prescribe.

We reserve the right to require you to give us written notice of your intent to make a withdrawal from any account (except a checking account) not less than seven and up to 60 days before the withdrawal. You may not withdraw shareholdings that are pledged as required on security on loans without our written approval, except to the extent that such shares exceed your total primary or contingent liability with us. You may not withdraw any shareholdings below the amount of your primary or contingent liability to us if you are delinquent as a borrower, or if borrowers for whom you are co-maker, endorser, or guarantor are delinquent, without our written approval.

Share Insurance: Your funds are federally insured by the National Credit Union Share Insurance Fund according to the rules and regulations of the National Credit Union Administration. Excess funds are insured by the Massachusetts Credit Union Share Insurance Corporation up to legal limits.

Amendments: We reserve the right to amend this disclosure statement from time to time without notice to you.

Statutory Lien or Setoff: We have the right of setoff on all of your deposit accounts with us as provided by contract or statute.

Reliance on Signature Card: By signing an account signature card, you agree that you have received a copy of this disclosure statement. Further, you have agreed to abide by the terms and conditions outlined in this disclosure.

Incorporation by Reference: We hereby incorporate by reference our expedited funds availability policies, service charge schedules, deposit account agreement, and electronic banking disclosures.

Suspension of Services: We reserve the right to suspend services to you, if you are not a member in good standing with us.
